Peer Team Evaluation

Note that this peer team evaluation is an **individual** assignment. The purpose is to help you better understand your contributions and your team members' contributions. Consequently while you are free to discuss your evaluations with the rest of your team at a team meeting, it is absolutely not required.

This assignment is based on the Transferable Integrated Design Engineering Education (TIDEE) Teamwork Assessment worksheet, an updated version of which is available here: [491_reflection_06a.pdf](#) .

Q1) Complete the worksheet (the fields in the PDF should be fill-able) and **upload it here on Canvas**. To receive credit for this portion, you will need to provide substantive responses to the short answer questions on pages 3-6. Did you provide any exceptionally low (1 or <10%) or high (5 or >70%) ratings for yourself or any teammates? If so, please explain your ratings here.

Q2) **Email a copy of your worksheet to the faculty advisor of your project (to receive credit, please CC 491s20ta@iastate.edu (<mailto:491s20ta@iastate.edu>)), with a suggestion that this can be used in part to help them establish individual grades for your 491 team.**

Peer Team Evaluation			
Criteria	Ratings		Pts
Submit Worksheet on Canvas	5.0 pts Full Marks Worksheet is submitted on Canvas, with substantive responses to all questions.	0.0 pts No Marks Worksheet is not submitted on Canvas.	5.0 pts
Email Worksheet to Faculty Advisor	5.0 pts Full Marks Worksheet is emailed to the faculty advisor, and copied to the TAs.	0.0 pts No Marks The email is not received by the TAs.	5.0 pts
			Total Points: 10.0
