For your final essay assignment, you have two options. These are different types of assignments.

**Option #1** is to investigate a website and write an analysis of the website, its contents, and its learning objectives. We encourage you to watch lectures 5.1 and 5.2 before beginning the writing, although we do not expect that you will reference these lectures in the writing.

This assignment is described in the following document:

If you choose this option, please indicate at the top of your essay that you are submitting OPTION #1. You do not need a title page or a bibliography for this assignment.

**Option #2** is a reflective essay. You are **required** to watch lectures 5.1 and 5.2 before writing and we expect that you will reference some of the materials in these lectures in the paper - how much is up to each student. This assignment is described in the following document:
